Ball Valves

Selection

Green Leaf valves are available in sizes ranging from 1/2" to 4".

Quality

Our primary resin is a high strength custom blended glass filled polypropylene.

Location

Green Leaf takes pride in the fact that most of our valves are made on site at our Indiana manufacturing location.

Experience

We have been producing high quality ball valves over 2 decades.

Variety

We have a variety of styles and configurations.

Choose from pipe threaded valves, garden hose valves, BSP valves, full port, standard port, and many more.

Custom

Can't find what you're looking for in our standard valve line? No worries, we make custom valves as well!

Knowledge

Let us use our expertise to help you make the right choice.

Bolted Ball Valve features:

- Stainless Steel Bolts
- Precision molded in polypropylene.
- Polypropylene is reinforced with fiberglass for additional strength. Self-aligning ball moves freely against the Teflon® seats for smooth operation. The valve opens and closes with little pressure on the handle.
- Ball is diamond turned, after molding, to make it spherically perfect, which provides precise contact between ball and seats.
- Viton® "O" rings.
- Teflon® self-lubricating stem bushings and seats cannot stick or bind.

NEW

3 Way Valve features:

Cam Lever Couplings

FEATURED ITEMS —

3" x 2" Cam Couplers (pg 13)

After market research and study by the Green Leaf team an innovative solution was birthed to help enhance the product. The Gatorlock coupling was designed and patented to provide a market solution.

Safety

The GatorLock coupling was designed to provide enhanced safety with the exclusive cam lever locking mechanism. This mechanism helps reduce the possibility of unintentional opening of the cam levers during use, which could result in personal injury and costly spills.

Interchangeability

The CamLock series couplers are made to an industry standard and will interchange with all cam lever coupler brands & materials made to the universal specification.

Quality

Green Leaf is an ISO 9001 certified company. Gatorlock & CamLock couplers are manufactured at our Indiana facility to the highest quality standard in the industry.

Fittings

Selection

Hose, pipe, garden hose, nozzle and heavy duty fittings are available in sizes ranging from 1/8" to 3".

Durability

Green Leaf's hose & pipe fittings are utilized for a variety of agricultural, plumbing and industrial liquid-handling solutions.

Polypropylene

Our resin is a high strength custom blended glass filled polypropylene.

Nylon

Green Leaf's hose & pipe fittings are certified by NSF International NSF/ANSI Standard 61 – Drinking Water System Components, Health Effects and NSF/ANSI Standard 372 – Drinking Water System Components, Lead Content.

Experience

We have been manufacturing top quality fittings since 1983.

Straight Adapter

Use in conjunction with a hose clamp and quality thread sealant.

String Wing

- Wick arrangement gives a double wipe which means an even application rate and a better kill.
- 5' sections help reduce wicks from drying out when applying on uneven ground where the wick bar is constantly tilted.
- Build any length applicator you want with the "String Wing", the convenient 5' sections allow you to build 10', 15', 20', etc. sections.
- The special design of alternating wicks on the end cap means when you put "String Wings" end to end you get full swath coverage; (No spots missed).
- Each "String Wing" has its own 1 1/4" fill opening and a breather to prevent vapor locking or pressure surges due to weather temperatures.

PRICING

All prices are subject to change without notice. Orders will be invoiced at current prices on the date shipment is made. All prices are F.O.B. Green Leaf®, Inc.

TERMS

An invoice is a contract in which Green Leaf®, Inc. terms will prevail. Unless otherwise stated, payment terms are 2% 10 days net 30 days, (D.O.I.). Green Leaf® Inc. reserves the right to place a customer on credit hold if deemed necessary. Up to a 5% service charge will be added per month on all past due accounts.

ORDERING

Please order by Green Leaf's® part number.

US Orders: A \$10.00 handling charge will be added to all orders under \$50.00.

International Orders: A \$25.00 processing fee will be added to all orders under \$200.00.

NEW ACCOUNTS

Green Leaf®, Inc. welcomes all new accounts. Green Leaf® will provide a credit application for new customers to sign agreeing to our terms. When opening an account the customer agrees to pay invoices in 30 days, pay up to a 5% service charge monthly on any invoices 31 days or older, and to pay any and all collection agencies, attorney fees and/or court fees necessary to collect on the account.

SHIPPING

Please notify us with your shipping instructions. Freight, air, parcel post or UPS. If no instruction is given, we will send best way. Freight shipments should be specified, via truck or rail, with line preference. A handling/service charge of \$2.00 will be added to all invoices.

SAME DAY SHIPMENTS

Same day shipments will incur a service charge of \$10.00 or 5%, whichever is greater.

WEIGHT VARIANCE

To control the cost of processing your orders, Green Leaf® uses electronic counting scales. It is our policy to have each scale certified for accuracy on a schedule recommended by the scale manufacturer. Electronic scales have an accuracy range that is acceptable by most of our customers. If your policy does not allow for a small overage/underage, please contact our marketing department and advise them that you require 100% accuracy of all quantities. Your account will be marked as hand count only. There is a charge of plus 5% of order value for all orders processed in this manner.

RETURNED GOODS POLICY

Returns must be received within 30 days from shipment and must be approved by Green Leaf®, Inc. A document with our return authorization number (RGA Number) and ship to address will be faxed or mailed to the customer. Any goods returned that do not have this document clearly attached to the outside of the carton will be refused. All returns must be freight prepaid. A 20% minimum restocking fee will be assessed to all returns. Returns will only be accepted if the products are in new and original condition, and contain no markings or labels other than Green Leaf®.

SHORTAGES

Claims must be made within 30 days after receipt of shipment; otherwise order will be considered shipped as ordered.

LOSS OR DAMAGE

In order to expedite your shipment to its destination in good condition, all orders are packed and shipped with care. Green Leaf®, Inc. assumes no responsibility for items lost or damaged in transit. Claims will be made with carriers immediately. The purchaser is responsible for claims on freight collect shipments.

GUARANTEE

Green Leaf®, Inc. warrants all merchandise to be as represented in our catalog. We will replace or make satisfactory adjustment if found otherwise.

USE OF PRODUCTS

Products manufactured by Green Leaf® and illustrated within this catalog are produced using resins that are prime and certifiable in grade. The chemical resistance & physical properties of these resins are available from Green Leaf®'s engineering department. Improper use of these products could result in environmental spills, serious injury or death.

MATERIALS

As stated, Green Leaf, Inc.'s stock fittings are always manufactured using quality prime resins; however, in order to insure that we continue to provide the best value to our customers, we reserve the right to change specific grades and/or manufacturers of resin without notice. Please keep this in mind when specifying our stock fittings for use in your applications. Due to the infinite end use possibilities of our products, the customer is responsible for determining the suitability of our products for their application. Data sheets indicating the manufacturer, grade, and properties of current production materials are available and may be requested at anytime. Should your application require a specific material, please contact our sales department for a custom quotation.
